

## Tulips bloom in honor of Red Ribbon and a Promise

Enrique Camarena worked for the United States as a Special Agent with the Drug Enforcement Administration when he was kidnapped and killed while working on a special assignment in Mexico. In honor of his death, California Congressman Duncan Hunter and High School friend Henry Lozano launched Camarena Clubs in his hometown of Calexico, CA. Hundreds wore ribbons to honor the sacrifices made by Enrique and others on behalf of all Americans.

Their Red Ribbon Week gained momentum when Nancy Reagan brought it to national attention and eventually they became sponsored by the National Family Partnership (previously known as the Federation of Parents for Drug Free Youth). Currently, it is the annual catalyst to show intolerance for drugs in our schools, work places, and communities. Each year during the last week in October, more than 80 million young people and adults participate in Red Ribbon Week. Columbus Middle School participated in Red Ribbon Week last fall. Middle school teachers, Kari Pedersen and Sara Sullivan worked with Michelle Lukavsky, MS counselor to plan activities for the children.

During Red Ribbon Week 2007, schools and communities were in-

ited to participate in "PLANT THE PROMISE." Columbus Middle School Students were given the opportunity to plant red tulip bulbs that would signify their commitment to being drug and alcohol free through their high school years. Most all Middle Students planted a red tulip. There were 240 tulip bulbs planted by the Flag Pole in front of the school. When they bloom they will be in the shape of a Red Ribbon. Students have been very excited this week to notice that the tulips are in bloom.

If you happen to walk past the school, stop and take a look at what these students have planted. But, furthermore, please take the time to think about what these students have promised and if you see them encourage them to continue with their promise.

**Pictured at right are Columbus Community 6<sup>th</sup> grade students looking at the Tulips they helped to plant. The tulips are in the shape of a Red Ribbon.**

**The students in the picture are clockwise from top left: Diana Garcia, Yvette Aguilar, Efrain Barajas and Peter Cano.**

This is an example of one of the many items that are celebrated at Columbus Schools. We always enjoy reporting on the activities of our young people.

## Reception scheduled to honor outgoing State T.T.T. President Renea Jay

In our community we have a lot of people that are committed to groups or organizations. One such person is Renea Jay of rural Columbus Junction. April 5<sup>th</sup> Renea will step down as the Iowa State President of the National T.T.T. Society. Her local Chapter R members will throw a reception to honor Renea for her commitment and dedication to T.T.T. The reception will be part of the state convention, being held this year in Pella on April 4-5. A number of Chapter R members are playing significant roles throughout the convention. Local minister, Ramona Wink, will be the keynote speaker during the Friday afternoon session.

Renea is a 1980 graduate of Columbus Community High School, wife to Mike and mother to Sam, Joe and Jon. For the past seven years she has served on the Iowa State Executive Board and dedicated herself to the society.

T.T.T. (Tri-T as it is pronounced) was founded in Mount Pleasant in 1911 when two friends, Bess Cook Budde and Gladys Stewart Walters, noticed that boys had plenty to do in the summer, but girls did not. Along with a few other friends they established the first T.T.T. chapter. This group of women donated their time, talent and treasures to send girls to camp. T.T.T. is a nonprofit, philanthropic organization dedicated to providing an educational camping experience for young girls who might

not otherwise have the opportunity. Their belief is that camping creates an atmosphere that will provide each girl the chance to learn her own worth, develop initiative, learn self-expression, and live in har-

mony with others. Columbus Junction, Chapter R of the National T.T.T. Society was installed as a Chapter in July of 1935. Since that time they have sent over 200 little girls from the Co-

lumbus Junction area to Camp Wyoming in Wyoming, Iowa, and in the early years to a camp in Minnesota, which was owned by the society.
