

# Columbus Junction's Olympic Connection

by DEB BEAN and TAMMY K. VIRZI

From one's love of the game and a true dedication to a sport, a local man's interest will put him on the biggest stage in United States Track and Field later this month.

Columbus Junction's Mike Jay has been selected by USA Track and Field (USATF) to announce the 2008 Olympic Team Trials in Eugene, Oregon. He will join a three-man team in calling the events of the meet, which is scheduled to start on June 27 and run through July 6, 2008.

The voice of the Columbus Wildcats, which we all have become so familiar with, will echo thru Hayward Field on the campus of the University of Oregon as the nation's elite athletes vie for place on the USA Team and a trip to the 2008 Olympic Games in Beijing, China.

Hayward Field is known as a mecca for track and field, and has been considered hallowed ground for athletes and fans alike. Originally constructed in 1919, the venue most recently underwent \$8 million in renovations making it the best track and field-only facility in the world.

Jay, a 1977 graduate of Columbus Community was an avid track and cross country athlete. Under the guidance of Coaches Ken Purdy and Richard Peterson, he developed a deep love for the sport over his four years of high school competition and later serving as an assistant coach under Purdy.

"It was Coach Purdy and Coach Peterson that instilled the love of running and the sport of track and field," says Jay. "A love that I passed on to my children and continue to develop that same passion in the student athletes I have the opportunity to coach each year."

Following graduation, Mike remained close to the sport and has been coaching Cross County and Track at Columbus for the past 23 years, accumulating five SEISC Cross Country Championships and 14 Conference titles in Track. He further pursued his love by announcing the Columbus meets and was later invited to do the SEI Super Conference Meets.

His big break however, came after attending a meet at the University of Iowa, where he was less than impressed with the public address announcer at that event.

Mike Jay announcing at the Drake Relays

"The person doing the announcing knew very little about track and field... it was just awful," stated Jay. "I went to the Iowa Coaching Staff and volunteered to do their announcing for free."

The rest is history. Mike was now one of the nation's most recognized voices in track and field, calling all of the Hawkeye meets, is the announcer for the University of Nebraska Track and Field Team, has helped announced the Mt. Sac Relays in California, the Kansas Jayhawk Relays, the Big 10 and Big 12 Championships and most recently has joined the team at the Iowa High School T&F Championships and the famous Drake Relays. He will return to Drake Stadium next week for the running of the 2008 NCAA Division I National Championships.

His most memorable moment in announcing however, may have happened last week when he called the Boys 1600M Run at the Iowa High School Championships where a pair of his athletes, Casey Robertson and Sam Chaney raced to the medal podium, placing 5<sup>th</sup> and 6<sup>th</sup>, respectively.

When Jay makes the trip to Or-

gon, his family will stay behind. It takes approximately 30 hours to prepare for a meet and then several additional hours each day preparing for the next day's schedule. Jay reads about 9 papers a day and spends hours on the internet looking for information on each of the athletes he will see in each event.

"It's a working trip, and I don't have much time to do anything but prepare for the meet", says Jay. "My family doesn't travel with me, but it's for sure they will be watching all the action on TV!"

Although Jay won't be able to do much sightseeing off the track, it will be a special trip in the fact that he will be returning to a stadium where one of his idols and all time greats competed. Track legend Steve Prefontaine awed crowds for holding every American record between 2,000 and 10,000 meters in the mid-1970s.

With luck Jay will be able to call a new American Track and Field record... and love every minute (second) of it!

Editor's Note: Mike Jay states, "There are some people who need

credit, because without them, I would not have had the exposure I have gotten.

My Coaches, Purdy and Peterson and my brother Mark, instilled the love of Track and Field in me.

My wife, Renea for allowing me to coach and go when and where I want to announce meets.

Rich Bridenstine for allowing me to take vacation time when I want, so I can go to these meets.

Attorney Steve Moore. Steve is a Drake grad and ran track for the Bulldogs. He was always putting in a "good word for me". Mark Kostek, Drake Associate Athletic Director and former Drake Relays Director, who gave me a shot at Drake Stadium.

Larry Wiczorek, Men's Track and Field and Cross Country Coach at the University of Iowa. One of my best friends. He let me call my first college meet.

Garry Wilson, Head Women's Track and Field Coach and Cross Country Coach at the University of Minnesota... a great friend who has helped me meet some very important people in the sport."
